As you certainly know the Organizing Committee has reached an agreement with the company EVENTI S.r.l. to better support participants who need help in searching for the best solution concerning their accommodations. In the name of the best cooperation, EVENTI S.r.l. will be at the disposal of every company or person, who will register to ECSG Riccione 2015, in order to satisfy any particular need which may exceed standard offers, included the extension of period of stay beyond the determined days of our event. In accordance to this agreement, the Organizing Committee was able to reduce the prices reported in “Bulletin-1”.
There are 2 other aspects which should be taken into consideration and recommend a booking via the company EVENTI S.r.l.:

- For the Organizing Committee it will be very important to know where all the different teams are hosted – in order if there are some changes in sports and time-tables which shortly might occur during the days of the games.

- For installing a more efficient transportation system it would be essential to know where all the teams are hosted – especially for all those transportations to sport venues out of Riccione where special needs are required (golf, cycling, bowling …).

So if you decide to book your accommodation via **EVENTI S.r.l.** you really help us to make our games successful. For further information and hotel bookings please refer to: www.riccionesportgames2015.it or e-mail: riccione2015@eventi-rimini.com
