

Dear friends,

since you have pre-registered the competition and have signed up our newsletter so quickly, we are sure to please you by summing up all the news updated on our website so far. We will continue to keep you informed, trying to give you more and more information on ECSG Riccione 2015.

Best regards,
The Organizing Committee

First Medal

We have begun to receive a good number of pre-enrolment application forms. Let's have a special round of applause for our friends of the BSG Allianz team from Koln who were the first to complete the pre-enrolment application form (on august 5th at 14:01:29), with 180 athletes for 11 sports. The first gold medal of the ECSG Riccione 2015 goes to them and their leader Arne Wilhelm. Statistical curiosity: the second pre-enrolment application form was completed by the German team Roche Diagnostics from Mannheim over a minute later (at 14:02:45).

Their athletes will have the chance to

get even during the event; but if they cannot wait so long, there is always the deadline date for completing the registration. The registration can be completed starting from June 1st 2014. We would like to remind you that the pre-enrolment application forms are very helpful for us to ensure the best organization of our Games. Thanks for your cooperation.

Organizing and accreditation centers

The charming Tourism Palace, located in the center of Riccione, will be the operations and accreditation center of ECSG Riccione 2015.

The building is equipped with two big conference rooms: in one room, all participants will find support and information services, will gather together and will schedule their daily activities at best; the offices of Organizing Committee and of EFCS will be set up in the other room. On 3rd June, the accreditation center will be set up in Tourism Palace. There, team leaders or participants themselves will withdraw the required documents to take part in competitions.

Thank you, pre-registrations

We would like to extend very warm thanks to the more and more companies which are completing pre-registrations.

Thanks to their willingness and cooperation, we can carry out at best the organizing process of the 20th

ECSG Riccione 2015.

Our sporting facilities will allow us to have a high number of registered players in each sport.

However, if we had to reduce the number of registered players in a specific sport we would follow these criteria: first, date of payment of registration fee and, second, pre-registration.

So, have a good pre-registration, have a nice registration and... enjoy your training.

Miniature golf

Great news for fans of this sport. We decided to insert it into the technical program of the Games. The facility of Riccione is extraordinary and is among the most beautiful in the world, 2 courses 36 holes. As soon as possible we will give you the organizational details. You will find some pictures in the photo gallery

Football 5

As required by some European friends who have frankly admitted that they are too old to play on the beach...we have added five-a-side football to the competition schedule, and it will be played in excellent sporting facilities with artificial football turf.

Therefore, our offer to football lovers is complete. At registration closing time, after we have considered the number of registered teams, we will definitively decide whether to organize both beach football and five-a-side football

tournaments. However, both 11-a-side-football and 7-a-side football tournaments are absolutely confirmed. There is no excuse. We are waiting for you in large numbers!

Squash

We would like to confirm and reassure you that the organizing process has started with that enthusiasm and that commitment required by the 20th European Company Sport Games. The cooperation with EFCS is perfect. We are looking for the best sporting facilities so that all of you, in your respective sports, could find the ideal conditions to be at your best from a technical and sporting point of view. For this reason, we would like to announce to the friends of Squash that the tournament will be held in the wonderful sporting facility of the Italian Federation Squash on 4th-6th June, 2015. The following categories will take part in the tournament: Men “Open Class” for all ages; Men “Senior Class” for 40 years and over (40+); Women “Open Class” for all ages; Women “Senior Class” for 40 years and over (40+); Mix “Open Class” for all ages; Mix “Senior Class” for 40 years and over (40+).

It is the same sporting facility where, in 2014, the EFS European Championships will be held. A good reason to train even better, looking for huge emotions.

So, enjoy your training!

On great request, surf casting

It seems that the sea of Riccione stimulates to go fishing. We have received many requests to organize a surf casting competition. The fishing division of CSAIn has responded to those requests and will focus on drawing up the regulation which you will find, summarized, on the website. At night, lighted up with the tiny artificial lamps, it will be fascinating watching or taking part in the competition. There will be athletes and the audience won't miss it for sure.

The first 100 registered players will be admitted. Competition will be held in 2 matches: the first one will take place on 4th June 2015, from 18.00 to 24.00; the second one will take place on 5th June 2015, from 18.00 to 24.00. The public prize-giving ceremony, during the traditional Medal Ceremony, will be held on 6th June, in the evening. You can start to polish your fishing hooks and to think up the perfect strategy.

Your king is in check!

Here is some basic information for chess lovers.

Competition will be divided into three tournaments with individual and team (3 pre-announced participants) rankings for each of them. Individual ranking will take into account individual points with tie-break system based on Buchholz, Buchholz cut 1 and ARO. Team ranking will take into account the sum of individual points with tie-break system based on the sum of Buchholz and ARO.

As far as combined ranking is concerned, the score will be equal to the number of players ranked in Blitz tournament; equal to two times the number of players ranked in Rapid 15' tournament; equal to three times the number of players ranked in Rapid 30' tournament.

In case of equality of scores, tie-break system will be based on ARO.

Here is a temporary schedule of the three tournaments:

- 4 June 2015: Rapid 30' tournament-7rounds (Amalfi system)
- 5 June 2015: Blitz 3'+2" tournament-11 rounds (Swiss system)
- 6 June 2015: Rapid 15' tournament-9 rounds (Swiss system)

Now you have just to enter the competition!
