

### **Note to Regulation**

**If two teams of the same round are equal on the basis of the number of points obtained, their ranking shall be determined as follows:**

- Results of the knockout matches
- Goal difference in all the group matches
- Greatest number of goals scored in all the group matches
- Draw

**In order to define the best ranked teams among the different groups, the ranking will take into account:**

- Points ratio obtained in their respective rounds
- Greatest goal difference in their respective rounds
- Greatest number of goals scored to be counted on the basis of the number of played matches.
- Draw

**In case of a tie between the teams which will play finals, 4 penalty kicks shall determine the winner.**

## Notes to the Soccer 7 (over 40) Regulation

To enter the quarter finals there will be played four rounds of four teams plus one of 5 teams

### Classification

**If two teams of the same round are equal on the basis of the number of the points obtained, in order to determine the priority ranking it will be taken into account :**

- results of direct matches
- goal difference in all the group matches
- greater number of goals scored in all the matches played in round
- draw.

**To define the best ranked teams among different rounds, it will be considered in the order:**

- best points/played games ratio;
- greatest goal difference in their respective rounds
- quotient goals scored in their rounds
- draw

**Teams qualified for the final will play, in case of a tie, directly 4 penalties kicks**
